INTRODUCTION TO THE ESTIMATES

The main Estimates for each fiscal year are presented to the Legislative Assembly by the Minister of Finance. The contents of the main Estimates are outlined in section 5 of the *Budget Transparency and Accountability Act* (BTAA); the timing of their presentation is outlined in section 6 of the BTAA.

The main Estimates serve two purposes:

For the broader government reporting entity, which includes the consolidated revenue fund (CRF) as well as Crown corporations and service delivery agencies that are controlled by the government, the main Estimates provide an overview of government's fiscal plan for 2015/16. This includes forecasts of staff utilization and the projected financial results of the larger service delivery agencies. The Estimates also include restated main Estimates and forecast information for the 2014/15 fiscal year for comparative purposes.

For core government – viz. the CRF – the Estimates form the basis for annual appropriations approved by the Legislative Assembly for both operating and financing transactions upon the enactment of a *Supply Act*. The General Fund is the main operating account within the CRF and includes a number of Special Accounts where the statutory authority for specific expenditures is derived from statutes other than a *Supply Act*.

All expenditures from the CRF must be authorized by an appropriation, either through a *Supply Act* or through a specific provision in another statute. The Votes in the Estimates are the details of that year's appropriations for each special office, ministry, and other purpose. The Vote descriptions provide the framework for legislative control of government spending, since funds can only be expended for purposes stated in the Estimates. Special types of appropriation for capital expenditures, loans and advances, and dedicated revenue (financing transactions) are voted on a total amount basis, although the Estimates do provide allocations by ministry for disclosure purposes.

Legislative authority for voted appropriations is provided by the *Supply Act*, which includes a summary of the Estimates appropriations as schedules to the Act. Expenses from Special Accounts are disclosed in the Estimates; however, they are not included in *Supply Act* totals as these accounts have separate statutory spending authority. Expenses cannot exceed individual Vote totals without additional legislative authority.

The allocation of voted and special account appropriation to standard objects of expense (STOB) is disclosed in the Supplement to the Estimates. While section 23(4) of the *Financial Administration Act* authorizes the spending of an appropriation on any activity or STOB, this more detailed presentation provides additional information and establishes a framework for administrative control by Treasury Board. The Supplement to the Estimates can be found on the Government of British Columbia's budget website at <http://www.bcbudget.gov.bc.ca/>.

The 2015/16 Estimates are comprised of three separate sections:

1. **Summary Information** — This section presents an outline of the accounting policies on which the Estimates have been prepared and significant presentation changes in the Estimates from the previous year. This section also provides information on the projected results of the broader government reporting entity, including a statement of financial position; a statement of operations; a reconciliation of the projected surplus (deficit) to the forecast change in debt; details on the components of forecast revenue and expense; and a summary of estimated CRF appropriations.
2. **Estimates of Special Offices, Ministries and Other Appropriations** — This section presents the details of the appropriations from the CRF arranged by special office, ministry, or other grouping (such as Other Appropriations). The details in the Estimates include breakdowns by sub-votes and group account classification.

Each special office, ministry, or other grouping is presented on a similar basis.

1. **Summary** — summarizes total voted and statutory (Special Account) expense, capital, and other financing transactions.
 2. **Core Business Summary** — for ministries, discloses operating expenses, capital expenditures, and other financing transactions by core business on both a gross (before deducting estimated external recoveries) and net (after deducting estimated external recoveries) basis. A core business includes programs and/or functions grouped together based on common roles and/or purposes. For special offices and other groupings, these items are disclosed by vote.
 3. **Vote Descriptions** — for ministries, includes a description of the purpose for each vote and operating expenses for both voted and statutory appropriations broken down by core business. For special offices and other groupings, these items are disclosed by vote.
 4. **Special Accounts** — discloses revenue, expense, capital, other financing transactions, and projected spending authority available for all special accounts.
 5. **Financing Transactions** — discloses financing transactions that are the responsibility of the special office or ministry; including loans, investments and other requirements by core business and revenue collected for, and transferred to, other entities by core business.
3. **Schedules** — This section consists of supporting schedules that include the following: a reconciliation of the 2014/15 main Estimates to the restated 2014/15 main Estimates; a summary of operating and financial requirements and opening and closing balances for all Special Accounts; a summary of financing transactions for capital expenditures; a summary of financing transactions for loans, investments and other requirements; a summary of financing transactions for revenue collected for, and transferred to, other entities; a summary of ministerial accountability for voted operating expenses; an estimated CRF operating result; a summary of major service delivery agency revenues and expenses; and an estimate of the staff utilization for the taxpayer-supported government reporting entity.

EXPLANATORY NOTES

The Relationship between Net Expense and Spending Authority

Consolidated Revenue Fund (CRF) expense budgets are established on the basis of the gross amount of funds required for a particular purpose, with anticipated recoveries being deducted to arrive at the net expense. It is the net expense that is included in an annual *Supply Act* and voted on in the Legislative Assembly.

Section 23(3) of the *Financial Administration Act* (FAA) provides that where a vote in the Estimates approved by the Legislature shows an item as a credit or recovery, the vote is deemed to appropriate spending authority for the net expense plus the estimated amount of the credit or recovery, whether or not this latter amount is actually realized. An under-realization of recoveries without a corresponding decrease in spending would have the same effect on the CRF operating result as an equivalent shortfall in anticipated government revenue.

Section 23(3)(c) of the FAA also provides that excess recoveries (amounts earned over and above those estimated) may be used for additional expenses. Prior approval of Treasury Board is not required, unless otherwise directed. This incremental spending would have no impact on CRF operating result since the incremental recoveries would offset the incremental spending with no change to net expense.

There are a number of checks and balances to the use of recoveries to understate net expense. The *Balanced Budget and Ministerial Accountability Act* requires ministers to meet their net expense targets as outlined in Schedule F. As well, section 27(1)(a) of the FAA authorizes Treasury Board to restrict spending under any appropriation – statutory or voted.

Recoveries in the Estimates

Recoveries are disclosed in each special office, ministry, or other appropriation section of the Estimates in two places: the Core Business Summary and the Group Account Classification Summary.

There are two forms of recoveries:

Internal Recoveries — represent transfers within the CRF and generally includes inter-ministry chargebacks for costs budgeted centrally in government for the provision of certain goods and services that are recovered from areas elsewhere in government that consume and/or use those goods and services. Employee benefits, workplace technology services, legal services, accommodation and real estate services, alternate service delivery services, postal services, Queen's Printer services, and Provincial Treasury banking charges are examples of internal recoveries.

External Recoveries — represent recoveries from entities outside of the CRF, including costs and amounts recovered from government corporations, education and health sector organizations, other levels of government, non-government organizations, individuals, and businesses. External recoveries also include sinking fund interest earnings, an offset for commissions paid for the collection of government revenues and accounts, and increases in provisions for, or the write-off of, uncollectible revenue-related accounts. An example of a major external recovery is interest costs relating to funds borrowed by government and re-loaned to public bodies.

The expense disclosure in the Core Business Summary only adds External Recoveries to Net Expense to arrive at Gross Expense (i.e., the FAA section 23(3) spending authority), as the spending related to Internal Recoveries may be restricted by Treasury Board – in effect, limiting their inherent spending authority. Details on internal and external recoveries by vote are provided in the Supplement to the Estimates.

Capitalized Costs

The government capitalizes a number of disbursements in its financial statements in accordance with generally accepted accounting principles (GAAP). The annual amounts of these disbursements are shown in each special office or ministry section of the Estimates and are summarized in schedules to the Estimates. These disbursements are not included in their operating budgets; rather, each schedule is voted as one amount in the *Supply Act*.

Capital Expenditures – Schedule C

These disbursements reflect the acquisition cost of tangible capital assets. While the initial disbursement is not part of operating expenses, the amortization of the cost of tangible capital assets is included in operating budgets. Schedule C summarizes core government capital acquisitions that are voted on in the Legislature and the total estimated cost of capital acquisitions for all taxpayer-supported organizations.

Loans, Investments and Other Requirements – Schedule D

The government disburses funds from the CRF for a variety of purposes related to ministry operations, including student loans, land development, timber inventory acquisition, land tax deferral program costs, international fuel tax agreement payments, and returns of deposits. Receipts represent recoveries of these amounts plus loan repayments, deposits accepted by government, and interest on deposits.

Revenue Collected for, and Transferred to, Other Entities – Schedule E

The government has dedicated certain revenue sources to specific programs or entities. The government collects the revenue on behalf of the program or entities and remits it to them. While these receipts are not considered government revenue, the payments into and out of the CRF must be authorized by the Legislature.

ESTIMATES ACCOUNTING POLICIES

Estimates Accounting Policies

1. **Basis of Accounting** — The Estimated Statement of Financial Position and the Estimated Statement of Operations in the *2015/16 Estimates* are prepared in accordance with generally accepted accounting principles (GAAP) for senior governments as required by the *Budget Transparency and Accountability Act* (BTAA) and as recommended by the independent Public Sector Accounting Board (PSAB) of the Canadian Institute of Chartered Accountants, with the exception of regulatory accounting, where Treasury Board has adopted the US Financial Accounting Standards Board guidance in accordance with the provisions in the BTAA. Details on the significant accounting policies that form government's basis of accounting can be found in Note 1 of the *2013/14 Public Accounts* on the Ministry of Finance website at: http://www.fin.gov.bc.ca/ocg/pa/13_14/pa13_14.htm.
2. **Reporting Entity** — The government reporting entity includes organizations that meet the criteria of control (by the province) as established under GAAP. This includes the Consolidated Revenue Fund, service delivery agencies, government partnerships, and self-supported Crown corporations. Service delivery agencies include school districts, post-secondary institutions, health authorities and hospital societies, and taxpayer-supported Crown corporations and agencies.
3. **Consolidation** — The *2015/16 Estimates* fully consolidates the Consolidated Revenue Fund with the individual assets, liabilities, revenues, and expenses of service delivery agencies on a line-by-line basis. Government's interests in government partnerships are reported on a proportional consolidation basis. Self-supported Crown corporation results are consolidated using the modified equity basis, which reports net assets as an investment and net income/loss as revenue.

ESTIMATES SIGNIFICANT PRESENTATION CHANGES

Significant Presentation Changes in the *2015/16 Estimates*

For comparative purposes the *2014/15 Estimates* and Forecast have been restated to be consistent with the *2015/16 Estimates* presentation as follows:

1. **Consolidated Revenue Fund (CRF)** — Schedule A presents a detailed reconciliation of the restatement of CRF operating expenses and capital expenditures. These restatements reflect the government reorganizations since the *2014/15 Estimates* as presented to the Legislative Assembly February 18, 2014; incorporate a number of inter-ministry transfers and/or changes; and adjust total expense for presentation changes.
2. **Summary Financial Statements** — There are no presentation changes to the comparative summary financial projections for 2014/15.

VOTE 2 — AUDITOR GENERAL

This vote provides for the operations of the Office of the Auditor General. The Auditor General, an officer of the Legislature under the authority of the *Auditor General Act*, exists to help Members of the Legislative Assembly hold the government accountable. Through its audit opinions, the Auditor General gives legislators audit assessments about the fairness and reliability of the financial statements and public accounts of the government. The Auditor General also assesses the operations and performance of the government's programs and services. The reports of the Auditor General are tabled with the Legislative Assembly and discussed, in a public forum, with the Public Accounts Committee of the Legislature.

PRODUCTION INSURANCE ACCOUNT		
This account was established as a special account in 2005 by section 9.2 of the <i>Special Accounts Appropriation and Control Act</i> and replaces the Crop Insurance Fund created by a regulation under the <i>Insurance for Crops Act</i> . Production Insurance is an insurance scheme that stabilizes farm income by minimizing, at an individual level, the detrimental economic effects of losses due to uncontrollable natural perils. The purpose of this account is to receive premiums from the federal government, the province, producers, and indemnity and other payments through reinsurance. This account also earns interest on accumulated funds. Expenses include indemnification payments to producers, reinsurance premiums to third parties, and any third party costs of adjustments. Costs may be recovered from external organizations for reinsurance proceeds.

BC ARTS AND CULTURE ENDOWMENT SPECIAL ACCOUNT		
This account was established as a special account in 2008 under the <i>Special Accounts Appropriation and Control Act</i> . This account contains two sub-accounts, the BC150 Cultural Fund and the Arts Legacy Fund. The BC150 Cultural Fund sub-account operates as an endowment fund with a restricted balance of \$150 million which is not permitted to be spent. This sub-account will provide support for arts and culture in British Columbia as recommended by the British Columbia Arts Council. The Arts Legacy Fund sub-account also operates as an endowment fund with a restricted balance of \$20 million which is not permitted to be spent. Expenses consist of government grants to organizations and artists to support the creation, development, or presentation of works of art at events or venues the minister considers will provide significant exposure to those works of art. Interest or earnings paid on the sub-accounts will be credited to the sub-accounts as revenue.

INNOVATIVE CLEAN ENERGY FUND SPECIAL ACCOUNT		
This account was created by the <i>Finance Statutes (Innovative Clean Energy Fund) Amendment Act</i> in 2007 and is continued under the <i>Special Accounts Appropriation and Control Act</i> . The purpose of the account is to support government's energy and environmental priorities through programs, projects, and initiatives that promote the expanded use of clean energy resources and technologies, energy efficiency and conservation initiatives, and the accelerated commercialization of emerging clean energy technologies. Revenues credited to the account come from a levy applied to all final purchases of specified 'energy products' in British Columbia administered under the <i>Provincial Sales Tax Act</i> . Program expenses are recovered from the special account and are limited to those permitted within the scope of the Act, including administration of the account.

BC TIMBER SALES ACCOUNT		
This account was originally established in 1988 as the Small Business Forest Enterprise Account and became the BC Timber Sales Account in 2003 through an amendment to section 109 of the <i>Forest Act</i> . The purpose of the account is to identify all revenues for BC Timber Sales and to provide an ongoing source of funds to defray the costs of the program. Revenue is collected from the following sources: upset stumpage; bonus stumpage; waste billings; annual fees and billings (annual rent, trespass charges, extension fees, forfeited deposits, and scaling fees) incidental to the operation of the program; and sales of logs. Expenditures are for preparing forest development plans and logging plans; assessments required to formulate these plans for timber sales licences; costs of meeting requirements of applicable legislation; construction and maintenance of logging roads, bridges, and log dumps; costs of developing timber sales for auction; protection of forests; administration; costs of selling timber and logs; and other forest management requirements incidental to the program, including certification and safety initiatives. Costs of supplies and services may be recovered from ministries, other levels of government, agencies, organizations, and individuals. Revenue in excess of current expenditures and outstanding obligations may be transferred to the General Fund as directed by Treasury Board. Disbursements reflect capitalized costs incurred for development of timber for sale in future years. These costs are recovered from future sales revenue.

CROWN LAND SPECIAL ACCOUNT		
This account was originally created as a fund by authority of section 7 of the <i>Department of Housing Act</i> in 1973, was replaced by the Crown Land Fund in 1979 pursuant to the <i>Ministry of Lands, Parks and Housing Act</i> , and provisions were modified under the <i>Special Accounts Appropriation and Control Act</i> in 1982. Revenues include land sales, exchanges, tenures, royalties, interest, rental income, and fees. Costs of development include costs directly associated with the acquisition and development of Crown land for sale or tenure. Expenses include costs for Crown land clean-up and servicing. This special account also provides Free Crown Grants and Nominal Rent Tenures of land at less than fair market value. In accordance with generally accepted accounting principles, upon disposition Free Crown Grants are expensed at net book value if no consideration is received or are expensed at fair market value if a consideration is received, and Nominal Rent Tenures are expensed at fair market value. As Crown land is shown on the balance sheet as the nominal value of \$1, the revaluation of Crown land to fair market value is shown as a recovery against the expenses. Financing transaction receipts represent repayment of outstanding loans and deposits made on pending sales.

CRIMINAL ASSET MANAGEMENT FUND		
The Forfeited Crime Proceeds Fund account was established by the <i>Special Accounts Appropriation and Control Act</i> in 1988, as amended by the <i>Attorney General Amendment Act</i> in 1989. This account was continued in 2012, under the name Criminal Asset Management Fund, by the <i>Criminal Asset Management Act</i> . The purpose of this account is to use the proceeds that government obtains from criminal forfeitures and certain fines for certain criminal justice purposes. Revenue represents money received by government from proceeds of crime provided by certain other governments, money paid as a fine under a provision of the <i>Criminal Code</i> of Canada or under similar legislation, and money forfeited under certain sections of the <i>Criminal Code</i> of Canada. Revenue also represents money realized from the disposition of forfeited property governed by the Act and other money, interest, and income provided for in the Act. Expenses are for compensation of eligible victims, crime prevention and remediation, administration of the Act, and other prescribed purposes. Administrative costs may be funded through the ministry's voted appropriations.

VOTE 38 — MINISTRY OPERATIONS

This vote provides for ministry programs and operations described in the voted appropriations under the following four core businesses: Upstream Development, Liquefied Natural Gas, Oil and Strategic Initiatives, and Executive and Support Services.

UPSTREAM DEVELOPMENT

Voted Appropriation

Upstream Development.....	<u>12,482</u>	<u>12,524</u>
---------------------------	---------------	---------------

Voted Appropriation Description: This sub-vote provides for the management of the province's upstream natural gas and petroleum resources, including the issuance and administration of Crown petroleum and natural gas subsurface rights; facilitating infrastructure development to improve access to upstream oil and gas resources; undertaking economic, market, engineering, environmental, volume, and pricing analysis to develop and implement policies and programs; identifying, stimulating, and facilitating development and market opportunities; developing provincial statutes and regulations that apply to the upstream oil and gas sector; representing the province's interests before energy regulatory tribunals; developing and maintaining petroleum geology databases; consulting with First Nations and other stakeholders; and external relations and providing information to the public. This sub-vote also provides for salaries, benefits, and operating expenses related to government's management of upstream oil and gas resources; expenses for developing policies and programs to identify, stimulate, market, and facilitate British Columbia's oil and gas development opportunities; and negotiating and implementing agreements with other governments, First Nations, and non-governmental organizations regarding the fiscal, regulatory, scientific, health, safety, environmental, socio-economic, and financial aspects of upstream oil and gas development. This sub-vote also provides assistance and advice to the petroleum and natural gas industries on issuance, administration, and management of petroleum and natural gas tenures and underground natural gas storage rights; maintains tenure registries and collects fees associated with the subsurface tenures; and ensures compliance with provincial tenure legislation and regulations. Costs may be recovered from ministries, Crown agencies, other levels of government, and parties external to the government for supplies and services described within this sub-vote.

LIQUEFIED NATURAL GAS

Voted Appropriation

Liquefied Natural Gas.....	<u>3,972</u>	<u>6,063</u>
----------------------------	--------------	--------------

Voted Appropriation Description: This sub-vote provides for the management of the province's liquefied natural gas strategy to foster the development and growth of the liquefied natural gas industry in British Columbia. This sub-vote also provides for the Liquefied Natural Gas Task Force, including engagement with proponents, joint venture and investment interests, and liquefied natural gas customer representative countries; and developing and maintaining the overarching strategic framework for ministries and Crown agencies on policies, programs, and decisions supporting the liquefied natural gas industry. The sub-vote provides for scientific technical studies relating to the industry; support for engagement on cross jurisdictional issues; liquefied natural gas and natural gas market analysis and pricing forecasts, including financial and economic analysis; and global promotion, communications, and community engagement, including building relationships with key community stakeholders and participation in local, regional, and global conferences and forums. This sub-vote also provides for support of other ministries, agencies, and stakeholders on liquefied natural gas related issues, including British Columbia Hydro and Power Authority energy supply and infrastructure contributions, liquefied natural gas taxation, power supply pricing and transmission infrastructure requirements, provincial policy framework for First Nations negotiations and specific negotiation mandates along with pipeline corridors, plant locations and marine traffic routes, and Crown land dispositions for industry development. Costs may be recovered from ministries, Crown agencies, other levels of government, and parties external to the government for supplies and services described within this sub-vote.

VOTE 44 — MANAGEMENT OF PUBLIC FUNDS AND DEBT

This vote provides for programs and operations described in the voted appropriations under the following four core businesses: Cost of Borrowing for Government Operating and Capital Funding, Cost of Borrowing for Relending to Government Bodies, Cost of Financial Agreements Entered into on Behalf of Government Bodies, and Cost of Warehouse Borrowing Program.

COST OF BORROWING FOR GOVERNMENT OPERATING AND CAPITAL FUNDING (NET OF RECOVERIES)**Voted Appropriation**

Cost of Borrowing for Government Operating and Capital Funding.....	1,285,463	<u>1,266,642</u>
---	-----------	------------------

Voted Appropriation Description: This sub-vote provides for interest and all other costs, expenses, charges, and fees associated with debt arising from borrowings or other credit arrangements. These include costs, under related financial agreements (such as interest rate and currency swaps and forward rate agreements) and commodity derivatives, incurred or assumed by the government for operating purposes or capital funding purposes. This sub-vote also provides for the cost of cash-flow management of the Consolidated Revenue Fund, payment services resulting from borrowing activities, and costs associated with business continuation planning in relation to debt management and banking and cash management functions. Recoveries from the use of financial agreements (such as interest rate and currency swaps and forward rate agreements) and commodity derivatives, revenue earned from funds invested as a result of borrowing under this sub-vote, sinking fund investments, prefunding operations, and matched book transactions are offset against the related expenditure.

COST OF BORROWING FOR RELENDING TO GOVERNMENT BODIES (NET OF RECOVERIES)**Voted Appropriation**

Cost of Borrowing for Relending to Government Bodies.....	1	<u>1</u>
---	---	----------

Voted Appropriation Description: This sub-vote provides for interest and all other costs, expenses, charges, and fees associated with debt arising from borrowings or other credit arrangements, including costs under related financial agreements (such as interest rate and currency swaps and forward rate agreements) incurred or assumed by the government for the purposes of the fiscal agency loan program. Recoveries from the use of financial agreements (such as interest rate and currency swaps and forward rate agreements) are offset against the related expenditure and the remaining costs are fully recovered from government bodies or other authorized organizations.

COST OF FINANCIAL AGREEMENTS ENTERED INTO ON BEHALF OF GOVERNMENT BODIES (NET OF RECOVERIES)**Voted Appropriation**

Cost of Financial Agreements Entered into on Behalf of Government Bodies.....	1	<u>1</u>
---	---	----------

Voted Appropriation Description: This sub-vote provides for all costs, expenses, charges, and fees associated with financial agreements (such as interest rate and currency swaps and forward rate agreements) entered into by the government with or on behalf of government bodies or other authorized organizations other than such agreements related to fiscal agency loans. This sub-vote also provides for all costs, expenses, charges, and fees associated with commodity derivatives entered into by the government with or on behalf of the government bodies or other authorized organizations. Recoveries from the use of financial agreements (such as interest rate and currency swaps and forward rate agreements) and commodity derivatives are offset against the related expenditure under those agreements or derivatives and the remaining costs are fully recovered from government bodies or authorized organizations.

VOTE 45 — CONTINGENCIES (ALL MINISTRIES) AND NEW PROGRAMS
(Minister of Finance)

This vote provides for additional funding for items budgeted in other votes to accommodate the financial consequences of unanticipated and contingent events. Unanticipated events include developments during the year that could not be reasonably anticipated when the budget was prepared. Contingent events include developments that could be anticipated but not with enough certainty to make a reasonable estimate of budget costs, or where final costs are dependent on a pending decision by government or another party. This vote also provides for ex gratia payments and the funding of new programs initiated during the fiscal year.

VOTE 46 — CAPITAL FUNDING
**(Minister of Advanced Education, Minister of Education, Minister of Health,
Minister of Natural Gas Development, and Minister of Transportation and Infrastructure)**

This vote provides for grants to government organizations as defined in the *Budget Transparency and Accountability Act* for their capital expenditures, including the costs of land acquisition; new facility acquisition and construction; and existing facility renovation, improvement, and maintenance. Grants may only be made under this vote by the Minister of Advanced Education, the Minister of Education, the Minister of Health, the Minister of Natural Gas Development, and the Minister of Transportation and Infrastructure to government organizations whose operations fall within the respective portfolios of those ministers. The amount of this vote is allocated among responsible ministers as set out below. Treasury Board, by directive, may reallocate the amounts among these classes of government organizations to meet government priorities. Reallocation of these amounts constitutes a revision to the expected results for the ministers impacted, which must be made public within 90 days. In addition to these allocations, the Minister of Finance has statutory authority to make capital grants to any government organization.

¹Special Account is an account in the General Fund where the authorization to spend money from the account is located in an Act other than the *Supply Act*.

²Transfers from (to) the General Fund consist of changes in statutory spending authority.

³Working Capital Adjustments include those adjustments that would change the cash balance of the Special Account. This would include changes in the accumulated amortization, inventory, and accounts receivable and payable.

⁴Transfers from Voted Appropriations to Special Accounts are eliminated to establish the amount of special account expenses that require statutory appropriations. This net amount of special account expense is then deducted from total expenses in the determination of the *Supply Act* requirements shown on page 12.

SUMMARY OF MINISTERIAL ACCOUNTABILITY FOR OPERATING EXPENSES

Schedule F

(for the Fiscal Year Ending March 31, 2016)

(\$000)

Under section 3 of the *Balanced Budget and Ministerial Accountability Act* (BBMAA), each member of the Executive Council has 20 percent of his or her salary held back with restoration of half of the holdback contingent on government achieving its overall fiscal target for the year as per section 4, and restoration of the other half of the holdback contingent on ministers achieving individual goals as set out in section 5. For each minister with responsibility for operating expenses arising from a voted appropriation as accounted for in the Consolidated Revenue Fund, section 5(1) stipulates actual results for the year must not exceed the estimated amounts for that fiscal year. Section 5(3) applies to ministers of state, for whom expected results are specified by Treasury Board regulation.

In the table below, the column entitled "Minister Responsible" lists the ministers with BBMAA section 5(1) assigned responsibilities. The column entitled "Voted Appropriations in the 2015/16 Estimates" shows the voted appropriations for which those ministers are responsible. The columns entitled "Voted Appropriation Operating Expenses (net)" and "2015/16 Estimated Amount" show the dollar amounts of operating expenses (net) and estimated amounts allocated to ministers in the 2015/16 Estimates.

ESTIMATES, 15/16

ESTIMATED TAXPAYER-SUPPORTED STAFF UTILIZATION ¹
 (for the Fiscal Year Ending March 31, 2016)
 (FTEs)

Schedule I

Estimates 2014/15	Forecast 2014/15		Estimates 2015/16
26,300	26,600	Ministries and special offices (CRF)	26,500
4,680	4,805	Service delivery agencies.....	4,821
<u>30,980</u>	<u>31,405</u>	Total taxpayer-supported staff utilization	<u>31,321</u>

¹ Full-time equivalents (FTEs), a measure of staff employment, are calculated by dividing the total hours of employment paid for in a given period by the number of hours an individual full-time person would normally work in that period. This does not equate to the physical number of employees. For example, two half-time employees would equal one FTE; or alternatively three FTEs may represent two full-time employees who have worked sufficient overtime hours to equal an additional FTE.

EXPLANATORY NOTES ON THE GROUP ACCOUNT CLASSIFICATIONS

OPERATING EXPENSES

Voted expenses for special offices, ministries, and other appropriations are presented in the Estimates on the basis of a group account classification system. Each group account represents a broad category of expenses and is comprised of specific components (standard object of expense). A supplementary publication, Supplement to the Estimates, provides details for each special office, ministry, and other appropriation at the standard object of expense level. Both publications can be found on the government of British Columbia's Budget website at <http://www.bcbudget.gov.bc.ca/>. The account classification system is described below in more detail.

Salaries and Benefits

- Base Salaries – includes the cost of base salaries, overtime pay, and lump sum payments for all permanent and temporary direct employees of the government.
- Supplementary Salary Costs – includes the cost of extra pay for certain types of work, such as shift differential, premiums, and allowances.
- Employee Benefits – includes the cost of employer contributions to employee benefit plans and pensions. Other benefits paid by the employer, such as relocation and transfer expenses, are also included.
- Legislative Salaries and Indemnities – includes the cost of the annual MLA indemnity and supplementary salaries as authorized under section 4 of the *Members' Remuneration and Pensions Act*. Salaries for the Officers of the Legislature are also included.

Operating Costs

- Boards, Commissions and Courts – Fees and Expenses – includes fees paid to board and commission members, juries and witnesses, and related travel and out-of-pocket expenses.
- Public Servant Travel – includes travel expenses of direct government employees and officials on government business, including prescribed allowances.
- Centralized Management Support Services – includes central agency charges to ministries for services such as legal services.
- Professional Services – includes fees and expenses for professional services rendered directly to government for the provision of goods and services in the delivery of government programs, the provision of goods or services that are required by statute or legislation and are billed directly to the government, and the provision of goods or services that will assist in the development of policy and/or programs or improve/change the delivery of programs, such as management consulting services.
- Information Systems – Operating – includes all contract fees and costs related to data, voice, image, and text processing operations and services, such as data and word processing, data communications charges, supplies, repairs, maintenance, and short-term rentals of information processing equipment.
- Office and Business Expenses – includes supplies and services required for the operation of offices.
- Informational Advertising and Publications – includes costs associated with non-statutory advertising and general publications.
- Statutory Advertising and Publications – includes costs associated with special notices and publications required by statute and regulations.
- Utilities, Materials and Supplies – includes the cost of services such as the supply of water and electricity, materials, and supplies required for normal operation of government services and food for institutions.
- Operating Equipment and Vehicles – includes the costs associated with the repair and maintenance of government vehicles and operating machinery and equipment.
- Non-Capital Roads and Bridges – includes highway costs recovered from the BC Transportation Financing Authority, costs for minor enhancements to capitalized infrastructure, as well as non-highway road costs.
- Amortization – includes the amortization of the cost of capital assets and prepaid capital advances over their useful lives.
- Building Occupancy Charges – includes payments to the private sector for the rental and/or maintenance of buildings and office accommodation, including tenant improvements that do not meet the criteria for capitalization.

EXPLANATORY NOTES ON THE GROUP ACCOUNT CLASSIFICATIONS *(Continued)*

Government Transfers

- Transfers – Grants – includes payments to individuals, businesses, non-profit associations, and other entities which may include stipulations as to the use of the funds and which are not entitlements or shared cost arrangements.
- Transfers – Entitlements – includes payments to individuals, businesses, and other entities where eligible recipients must be paid under statute or regulation once they meet all eligibility criteria, if any, outlined in the statute or regulations.
- Transfers – Shared Cost Arrangements – includes payments that are reimbursements to individuals, businesses, and other entities under the terms of a contract or agreement.

Other Expenses

- Transfers Between Votes and Special Accounts – includes transfers (payments) between a vote and a special account.
- Interest on the Public Debt – includes only interest payments on the direct provincial debt borrowed for government purposes.
- Other Expenses – includes expenses, such as financing costs, valuation allowances, and other expenses, which cannot be reasonably allocated to another standard object of expense.

Internal Recoveries

- Recoveries Between Votes and Special Accounts – includes recoveries between a vote and a special account.
- Recoveries Within the Consolidated Revenue Fund – includes recoveries for the use of equipment or the provision of goods and services between ministries of the provincial government.

External Recoveries

- Recoveries Within the Government Reporting Entity – includes costs and amounts recovered from government corporations, organizations, and agencies; the offset for commissions paid for the collection of government revenues and accounts; and the write-off of uncollectible revenue related accounts.
- Recoveries External to the Government Reporting Entity – includes costs and amounts recovered from other governments and non-government organizations.

CAPITAL EXPENDITURES

Capital expenditures for special offices, ministries, and other appropriations are presented in the Estimates under Capital Expenditures and in Schedule C. The Supplement to the Estimates provides details for each special office, ministry, and other appropriation at the standard object of capital expenditure level. The category of assets is described below.

- Land – includes the purchased or acquired value for parks and other recreation land, land directly associated with capitalized infrastructure (buildings, ferries, and bridges), but does not include land held for resale.
- Land Improvements – includes the capital costs for improvements to dams and water management systems and recreation areas.
- Buildings – includes the purchase, construction, or major improvement of buildings owned by the Consolidated Revenue Fund.
- Specialized Equipment – includes the purchase or capital lease cost of heavy equipment, such as tractors and trailers, as well as telecommunications relay towers and switching equipment.
- Office Furniture and Equipment – includes the cost or capital lease cost of office furniture and equipment.
- Vehicles – includes the purchase or capital lease cost of passenger, light truck, and utility vehicles.
- Information Systems – includes the purchase or capital lease cost of mainframe and other systems hardware, software, and related equipment.
- Tenant Improvements – includes the cost or capital lease cost of improvements to leased space.
- Roads – includes the capital costs for construction or major improvements of roads, highways, bridges, and ferries.
